

## **REMARKS**

Kindly reconsider and allow the claims.

Claim 209, along with its dependent claims, has been rejected since Figure 6A shows a sinuous membrane rather than plural membranes as claimed. However, Figure 6B shows the plural membranes as claimed in claim 209.

It is noticed that page 25 of the March 16, 2011 response erred in relating Figure 6A instead of Figure 6B to claim 209.

It is noted that the “e” should be removed in the second occurrence of “box” on line 6 of claim 209. A correction is requested.

## **CONCLUSION**

Reconsideration and allowance are requested.

Respectfully,

/James C. Wray/
